Re: Federal Prison Industries, Inc. (UNICOR)
Universal Waste Pilot Program
Facility No. 0329001553
Extension of Certificate of Authority to Operate

Dear Mr. Eobstel:

This is in response to your application for a Class D Recycling Center Approval. Since your facility is located within the New Jersey Pinelands, approval from the Pinelands Commission must be obtained prior to the Department issuing a Class D Recycling Center Approval to your facility. After consultation with the Pinelands Commission, the Department is hereby extending the expiration date of the Certificate of Authority to Operate a Research, Demonstration, and Development Project until January 17, 2005. This extension will allow your facility time to comply with the Pinelands rules and regulations.

The enclosed CAO - Demonstration Project authorizes the development of a "Universal Waste Pilot Program". Conditions have been incorporated within this CAO that must be complied with in order for this CAO to remain valid.

Should you have any questions regarding this CAO, please feel free to contact Ms. Robin Heston of my staff (609) 984-6650 or by e-mail at robin.heston@dep.state.nj.us.

Sincerely,

Thomas Sherman, Assistant Director
Office of Permitting and Technical Programs
